

# Enviroboard® MR [rigid media]

**FSC®-Certified**

Enviroboard® MR is a bright white, printable on both sides, dimensionally stable, rigid FSC®-certified board material designed for indoor and short-term outdoor point-of-purchase and signage applications.

**100% Recyclable**

Enviroboard® MR is a FSC®-certified composite that incorporates 10% PCW\* to achieve maximum sustainability without sacrificing the print quality or surface characteristics required for critical P.O.P. applications. The engineered composite media is also designed to provide high impact and crush resistance into a fully recyclable alternative to foam or corrugated plastic boards.

**Moisture-Resistant**

Enviroboard® MR has even achieved independent certification of recyclability through the North Carolina State University Department of Wood and Paper Science.

Enviroboard® MR is a fully recyclable product for maximum sustainability.

conVerd is your green resource for 100% sustainable products like these:

- Enviroboard® MR [rigid media]
- EnviroScape™ Mural Plus! [wall & window scaping material]
- GreenLight™ Plus! [backlit signage]

\* Post-consumer waste fiber.

# Enviroboard® MR
