

GreenLight™ Plus! [backlit signage]

FSC®-Certified

GreenLight™ Plus! is a recyclable FSC certified backlit poster paper that incorporates 10% PCW* to achieve maximum sustainability without sacrificing the critical print and display properties required for P.O.P. or backlit applications.

Dimensionally Stable

Designed for use in both backlit and front lit poster systems for transit, mall and kiosk shelters, GreenLight™ Plus! is engineered with exceptional formation to provide even translucency across the face of the printed image while promoting high image pop.

Engineered Translucency

The structure of GreenLight™ Plus! allows its moisture-resistant finish, providing high dimensionally stability in all temperature and humidity conditions.

conVerd is your green resource for
100% sustainable products like these:

Enviroboard® MR [rigid media]

EnviroScape™ Mural Plus! [wall & window scaping material]

GreenLight™ Plus! [backlit signage]

* Post-consumer waste fiber.
