

Hexacomb®
FALCONBOARD™
Naturally Rigid Graphic Board

Sustainable Versatile High Performance

THE ENVIRONMENTALLY RESPONSIBLE GRAPHIC BOARD FOR DIGITAL PRINTING.

Hexacomb-Falcon Board (USA) is the only graphic display board made from reusable, renewable and 100% recyclable kraft paper "honeycomb" material leader in USA and Europe for recyclable digital printing.

Characteristics:

- Falcon Board is a Hexacomb design, engineered rigid display board, used for mounting and direct printing in the construction of displays and trade show booths.
- Free of VOC's (volatile organic compounds).
- Extremely durable, sturdy, very rigid like wood and incredibly light weight.
- Both sides are laminated with a bright white clay coated ink receptive paper.
- Compatible with offset, screen and all types of digital inks and adhesives for mounting and construction applications.
- Designed for high performance direct printing right onto the environmentally friendly, recyclable, rigid Falcon Board.
- An excellent GREEN disposable alternative media to traditional foam, PVC, polyethylene, polystyrene, acrylic and MDF boards.
- Available in sheets: 48" x 96" (standard stock) also: 48" x 120", 60" x 96", 60" x 120" in 1/4", 3/8", 1/2", 3/4", 1", 1 1/2", 2" and 4" thicknesses.
- Excellent "green" alternative to traditional foam boards, PVC, polyethylene (PE), polystyrene (PS), acrylic, MDF, etc.

**GREEN IS A
NECESSITY...
NOT A TREND...**

Hexacomb®
